Apa itu Luminocity

Luminocity adalah layanan pengelolaan lampu jalan beserta sistem operasionalnya berbasis cloud

Fitur Luminocity

Asset management 	Fault notification
Energy monitoring 	Operational management

Cara Kerja Luminocity

Kelebihan Luminocity

Reduce operational cost 	Centralize monitoring 	Usage monitoring
Improve public service 	Reduce energy waste 	More efficient

Kompatibilitas Lampu

LED 	LVD 	Flourescent
Sodium 	Mercury 	Indescent
	Metal Halide 	

Perbedaan

non Luminocity

Kerusakan tidak terdeteksi 	Event management manual
Kontrol per area 	Kondisi lampu tidak terpantau

VS

menggunakan Luminocity

Notifikasi jika ada kerusakan 	Event management system
kontrol menyeluruh 	Kondisi lampu selalu terpantau
